SKYFLOW Orbit

WHOLE-HOME ESSENTIALS

Our entry-point whole-home system — a complete 4-stage build that transforms your residence's water right from the entry point, with an integrated drinking-water system under the sink.

WHAT'S INCLUDED

1. **Sediment Filter** — blocks dirt, sand, and rust before water enters the home
2. **Water Softener** — eliminates scale, calcium, and magnesium hardness
3. **Catalytic Carbon Tank** — reduces chlorine, sulfur, and lingering odors
4. **Integrated Drinking Water System** — under-sink reverse osmosis with built-in alkaline mineral boost

INCLUDED FREE: Smart Wi-Fi Leak Detector · 120 lb of Premium Salt

Best for: Homeowners who want whole-home softening and filtration plus purified drinking water in one turnkey system.

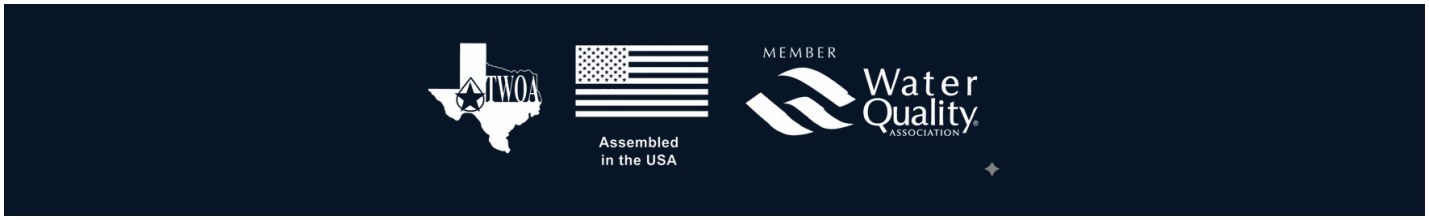
TECHNICAL SPECIFICATIONS

SkyFlow Orbit — sizing & performance

Capacity	Medium	Large (most common)	Extra-Large
Grains	32,000	48,000	64,000
Best for	1–3 bathrooms	3–4 bathrooms	5+ bathrooms

*Sizing shown reflects household fit guidance only; your SkyFlow technician confirms the right capacity during your free water diagnostic. Carbon tank reduces — rather than fully eliminates — chlorine and odor-causing compounds. Built on Clack® American-made control valves.

BUILT ON TRUSTED, AMERICAN-MADE COMPONENTS



LOOKING FOR SOMETHING ELSE?

SkyFlow Nova	our most complete whole-home build, with a standalone 4-stage RO and dedicated alkaline stage.
SkyFlow Halo	a standalone drinking-water RO system if you only need purified water at the tap.
